**Notification of termination of representative's authorisation
Request to notify the appointment of a representative**

The previous representative's authorisation has terminated because

- the representative has ceased to act.
- the applicant has withdrawn the authorisation.

As a result, the requirements of Article 133(2) EPC are no longer met. Under Article 133(2) EPC natural or legal persons not having their residence or principal place of business in a Contracting State **must** be represented by a professional representative (Art. 134 EPC) and act through him in all proceedings established by the EPC.

You are hereby requested to correct the said deficiency (appointment of a professional representative) within **two months** of notification of this communication.
If the deficiency is not corrected in due time, the application will be refused (Art. 90(5) EPC).
