

CPC COOPERATIVE PATENT CLASSIFICATION

C CHEMISTRY; METALLURGY

(NOTES omitted)

METALLURGY

C25 ELECTROLYTIC OR ELECTROPHORETIC PROCESSES; APPARATUS THEREFOR

(NOTES omitted)

C25C PROCESSES FOR THE ELECTROLYTIC PRODUCTION, RECOVERY OR REFINING OF METALS; APPARATUS THEREFOR

- | | | | |
|-------|---|-------|---|
| 1/00 | Electrolytic production, recovery or refining of metals by electrolysis of solutions (C25C 5/00 takes precedence) | 3/36 | <ul style="list-style-type: none"> . Alloys obtained by cathodic reduction of all their ions |
| 1/02 | <ul style="list-style-type: none"> . of light metals | 5/00 | Electrolytic production, recovery or refining of metal powders or porous metal masses |
| 1/04 | <ul style="list-style-type: none"> . . in mercury cathode cells | 5/02 | <ul style="list-style-type: none"> . from solutions |
| 1/06 | <ul style="list-style-type: none"> . or iron group metals, refractory metals or manganese | 5/04 | <ul style="list-style-type: none"> . from melts |
| 1/08 | <ul style="list-style-type: none"> . . of nickel or cobalt | 7/00 | Constructional parts, or assemblies thereof, of cells; Servicing or operating of cells (for the production of aluminium C25C 3/06 - C25C 3/22) |
| 1/10 | <ul style="list-style-type: none"> . . of chromium or manganese | 7/002 | <ul style="list-style-type: none"> . {of cells comprising at least an electrode made of particles (C25C 7/005, C25C 7/02 - C25C 7/06 take precedence)} |
| 1/12 | <ul style="list-style-type: none"> . of copper | 7/005 | <ul style="list-style-type: none"> . {of cells for the electrolysis of melts (C25C 7/02 - C25C 7/06 take precedence)} |
| 1/14 | <ul style="list-style-type: none"> . of tin | 7/007 | <ul style="list-style-type: none"> . {of cells comprising at least a movable electrode (C25C 7/002, C25C 7/02 - C25C 7/06 take precedence)} |
| 1/16 | <ul style="list-style-type: none"> . of zinc, cadmium or mercury | 7/02 | <ul style="list-style-type: none"> . Electrodes (consumable anodes for the refining the metals C25C 1/00 - C25C 5/00); Connections thereof |
| 1/18 | <ul style="list-style-type: none"> . of lead | 7/025 | <ul style="list-style-type: none"> . . {used in cells for the electrolysis of melts} |
| 1/20 | <ul style="list-style-type: none"> . of noble metals | 7/04 | <ul style="list-style-type: none"> . Diaphragms; Spacing elements |
| 1/22 | <ul style="list-style-type: none"> . of metals not provided for in groups C25C 1/02 - C25C 1/20 | 7/06 | <ul style="list-style-type: none"> . Operating or servicing |
| 1/24 | <ul style="list-style-type: none"> . Alloys obtained by cathodic reduction of all their ions | 7/08 | <ul style="list-style-type: none"> . . Separating of deposited metals from the cathode |
| 3/00 | Electrolytic production, recovery or refining of metals by electrolysis of melts (C25C 5/00 takes precedence) | | |
| 3/02 | <ul style="list-style-type: none"> . of alkali or alkaline earth metals | | |
| 3/04 | <ul style="list-style-type: none"> . of magnesium | | |
| 3/06 | <ul style="list-style-type: none"> . of aluminium | | |
| 3/08 | <ul style="list-style-type: none"> . . Cell construction, e.g. bottoms, walls, cathodes | | |
| 3/085 | <ul style="list-style-type: none"> . . . {characterised by its non electrically conducting heat insulating parts} | | |
| 3/10 | <ul style="list-style-type: none"> . . . External supporting frames or structures | | |
| 3/12 | <ul style="list-style-type: none"> . . . Anodes | | |
| 3/125 | <ul style="list-style-type: none"> {based on carbon} | | |
| 3/14 | <ul style="list-style-type: none"> . . Devices for feeding or crust breaking | | |
| 3/16 | <ul style="list-style-type: none"> . . Electric current supply devices, e.g. bus bars | | |
| 3/18 | <ul style="list-style-type: none"> . . Electrolytes | | |
| 3/20 | <ul style="list-style-type: none"> . . Automatic control or regulation of cells (controlling or regulating in general G05) | | |
| 3/22 | <ul style="list-style-type: none"> . . Collecting emitted gases | | |
| 3/24 | <ul style="list-style-type: none"> . . Refining | | |
| 3/26 | <ul style="list-style-type: none"> . of titanium, zirconium, hafnium, tantalum or vanadium | | |
| 3/28 | <ul style="list-style-type: none"> . . of titanium | | |
| 3/30 | <ul style="list-style-type: none"> . of manganese | | |
| 3/32 | <ul style="list-style-type: none"> . of chromium | | |
| 3/34 | <ul style="list-style-type: none"> . of metals not provided for in groups C25C 3/02 - C25C 3/32 | | |
