Description

Participants in this seminar will be trained to become trainers on the ANSERA-based SEARCH tool in their offices and also apprised of the latest updates.

The seminar will comprise a virtual classroom comprising three presentations focussing on:

- the essential advanced features of the tool, *in particular also those features that are useful in a training and coaching context*
- search efficiency and methodology, and how to train/coach them
- *training and coaching methodology*, as well as the requirements for a trainer

Candidates should have attended at least the entry level course on the ANSERA-based SEARCH tool.

Technical requirements

The online sessions will be held on Zoom.

**Tuesday,
14 October**

09.20 Zoom link activated
