## Information on the schedule for the EQE 2025

### General

The EQE 2025 will take place online using the examination software WISEflow.

On examination days, candidates are advised to log on to the online examination system's internet platform at least 20 minutes before the start of the relevant paper. Candidates will be informed in due time about their personal access to the online examination system.

Paper F as well as papers C and D are split into parts. This means that candidates will not be free to allocate their time as they see fit across the different parts of the papers. To compensate for this restriction, the total duration of papers C and D has been extended. Once the time allowed for a part has elapsed, it will not be possible to go back to that part.
