Prospect on Active Component of GD

□ Items to be prioritized

1. Machine translation:

- IT issue.
- Contributes to understanding documents (OAs, cited documents, prior art).
- Contributes to realizing transformation of standard forms between different languages.
- Contributes to translating applications to different languages for cross-filing in the future.

Prospect on Active Component of GD

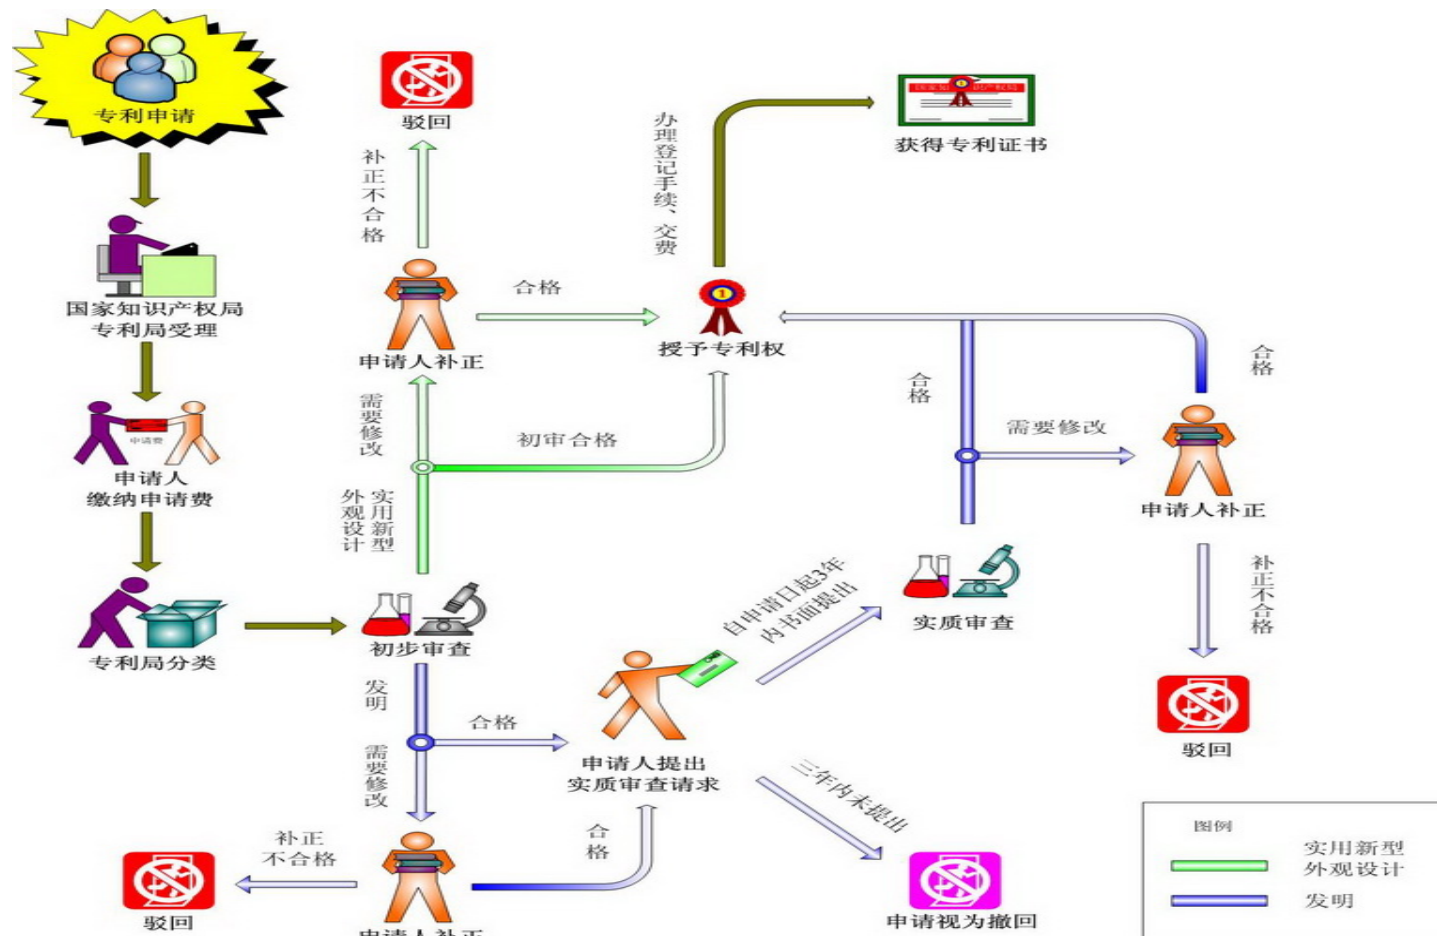

□ Items to be prioritized

2. Flow charts for examination procedure of each office.
 - Offices have different laws and procedures for examination.
 - Applicants need to understand the meaning of current status and possibilities for next steps.
 - Flow charts can provide more detailed information than names of status.
 - WG3 have drafted flow charts. WG statistics have collated glossary.
 - WG2 can represent them in a better way for better understanding.

Prospect on Active Component of GD

□ Items to be prioritized

2. Flow charts for examination procedure of each office.
