# The IP5 Global Dossier - Quality of the “Passive component”

Kevin DOUGLAS

Principal Director Service Creation – Information Management

31 May 2017

## Global Dossier – Industry’s requirements

- EPO presented **status of GD at GDTF meeting**, 18 Jan. 2017
- **IP5 Industry outlined next priorities** for “passive component”; including:
  - Completeness of GD dossier scope, its file wrappers and contents
  - 24 hours / 365 days access
  - Further improved MT quality
  - ...
- IP5 Offices agreed that EPO leads drafting of document on “**Quality of GD**  
**“Passive component”** - completeness, content, availability, performance
  - Basis for agreement on “next priorities”

## Quality of GD “Passive component” – Outlines

- **Scope** of Global Dossier coverage (Dossier types and date ranges) – **Extend GD’s coverage**
  - EPO 1977, JPO 2003, KIPO 1999, SIPO 2010, USPTO 2003, WIPO 1978 ...
- **Content** of each GD File Wrapper (completeness) – **All public file data**
  - Same as National file wrapper in principle
- **Maximum** capacity of each IP5 GD service – **Achieve a better user experience**
  - EPO, JPO, KIPO, SIPO, USPTO all define some maximum limits
- **Timeliness** of document additions – **Improve GD’s Timeliness**
  - Documents are available:

	EPO, KIPO, SIPO	JPO	USPTO
Incoming	after formality check	by the next day of submission	immediately upon entry to the filewrapper
Outgoing	once they are dispatched	by the next day of dispatch	once they are dispatched

- **Response time / performance** – **Achieve a better user experience**
  - Within reasonable limits to view both Table of Contents and individual documents.

## Quality of GD “Passive component” – Next steps

- “Quality of GD” document completed for IP5 Industry
  - ➔ Document presented to IP5 DHs meeting, 30 May 2017 as **IP5 summary** of status
- **Quality document** will be distributed to IP5 Industry after **IP5 Heads and Industry meeting**
- IP5 Industry is requested to:
  - **give feedback** on “Quality of GD” document
  - **give feedback** on proposed goals; and prioritise next enhancements

**Thank you for your attention!**
