Email Alerting – possible longer term developments

□ In discussions to date, further functionality has been proposed:

- Include **WIPO CASE** “Providing Offices” FWs in RSS Alerting
- How to **add another FW RSS feed** to an existing monitored family?

➤ **Login** required to choose individual options for Alerting (see “EP Register Alert”)

- Option for “**Grouping**” different dossier Email Alerts...
- Option to get RSS on **selected events** only, such as:
 - payment of fees; request for examination; lapse, refusal etc. ; search report with cited references; intention to grant and grant

Alerting – next steps

EPO is launching **email** "IP5 family" Alerting (EPO+SIPO)

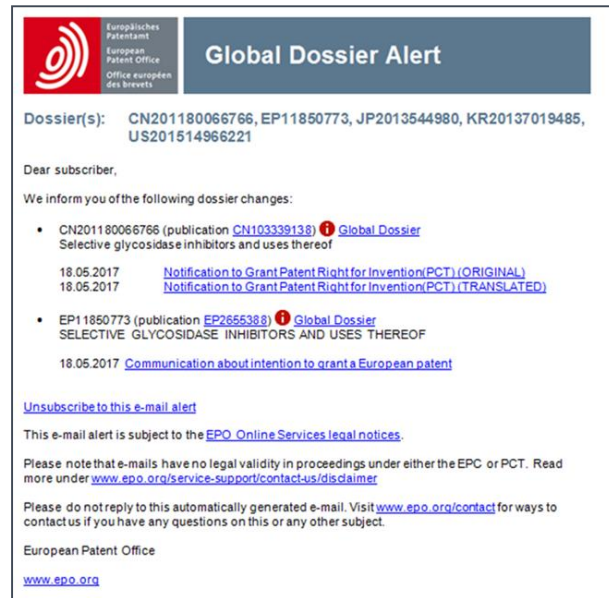

JPO, KIPO, USPTO dossiers
to be added as each IP5
Office implements RSS feed

Each IP5 Office can develop own "IP5 family" Alerting using RSS feeds

IP5 Industry "Patent Management Systems" can integrate RSS feeds
