Annex to Dossier Information Provision Policy

The Dossier Information Provision Policy is fundamental principle to provide dossier information composed of a **Main body** and **Annexes**.

Annex1: Scope of Dossier Information

Annex2: Service Level Agreement

Infrastructure for Patent Information Utilization

2013

- The IP5 Offices adopted the **Patent Information (PI) policy** in order to facilitate the efficient use of patent information by the general public.

2014

- The IP5 Offices agreed to **disseminate patent information in XML format, including bibliographic data and English abstracts**, beginning on July 1, 2014.

Afterwards

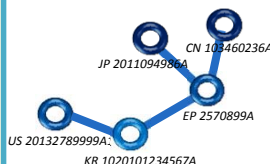

- The IP5 Offices continue to discuss the build-up of **Infrastructure for enhancing Patent Information Utilization** so that more patent information will be disseminated in more convenient ways.

- Endorsement of**

1. Global Dossier—Vision Statements
2. Revised Mandate for Common Training Policy
3. Next Steps of IP5 Quality Management Meeting
4. Next Steps of CSPE
5. Three Topics of PHEP

Global Dossier Vision Statements

Alerting

Provide timely updates to users on status or file wrapper changes to all IP5 family members of an application being watched.

XML Based Documents

Maintain focus on increasing the provision by IP5 offices of all file wrapper documents in XML.

Applicant Name standardisation

Harmonise applicant names across IP5 patent document collections.

Legal Status

Agree on the sharing of legal status data for patents and applications across the IP5.

Proof of Concept: Applicant Initiated Inter-Office Document Exchange

Demonstrate the feasibility of cross filing documents or changes over the entire IP5 using an example submission achievable in today's IP5 legal frameworks at each jurisdiction.
