

Improvement on GD Contents

**Global Dossier Task Force Meeting
January 31, 2018**

Japan Patent Office

- The Linkage between OPD and WIPO CASE enabled dossier information sharing network to expand globally.
- In order to enhance the service, the IP5 and WIPO should work on improvement of contents.

- It is desirable for all non-English documents to be provided with English translation.

Appeal, Trial and Court Decision

- Appeal, trial and court decisions include abundant information that will serve as reference of examination. In addition, it is essential information for public users to grasp the latest state of patent rights.
- If appeal, trial and court decisions are provided via OPD, the convenience for examiners and public users is greatly improved. It will be preferable that documents during the procedure will be available in OPD in the future.

Appeal, trial and court decision
in both original language and
English translation

- The JPO started to provide enriched citation data in OPD.
- Enriched citation data include detailed information of cited documents, such as a category(X, Y and A etc.), related passage, claims. It enables users to grasp information on cited documents at a glance.
- If enriched citation data of all IP5 Offices is available in OPD, it will be greatly helpful for both examiners and public users.
