Create an EPO account by filling in your details.

The screenshot shows the EPO account creation page. At the top left is the EPO logo with the text 'Europäisches Patentamt', 'European Patent Office', and 'Office européen des brevets'. To the right is a language dropdown menu set to 'English' and a 'Help' link. The main heading is 'Create an EPO account'. Below it, a sub-heading states: 'This account will enable you to access the secure online services offered by the EPO.' The form contains the following fields: 'First name', 'Last name', 'Email address' (with a placeholder 'name@domain.com'), and 'Re-enter your email address' (with a placeholder 'name@domain.com'). There is an unchecked checkbox for 'I accept the terms and conditions for EPO online services electronic infrastructure.' and a link for 'Data protection and privacy notice'. A blue 'Create account' button is positioned below the checkbox. At the bottom, there is an 'Anti-Robot Verification' section with a 'Click to start verification' button and the 'FriendlyCaptcha' logo.

Once you have created an account, you can log in as described in step 2 and finalise your registration.
