

Report on the activity in the framework of the European Inventor Network

To be sent to:

Marjorie Chopinaud

Coordinator of the European Inventor Network

mchopinaud@epo.org

Name of the alumnus who implemented the activity

Madiha Derouazi

Short description of the activity

Expanding Your Horizons Geneva is a non-profit association dedicated to providing Science, Technology, Engineering and Mathematics (STEM) experiences for young girls.

Date and place of the activity

Geneva, November 16 2025

Audience (number and age of the participants)

Girls from 10 to 16.

Roughly 400 girls present

Outcomes and achievement

<https://www.youtube.com/watch?v=RpuDUFtGZsA>

Recommendations

This year, we had significantly higher attendance to the events...from my perspective essential event deserving support to open horizons of girls to scientific/technical environments. I sincerely thank the EPO for their support.
